CLAY CITY, KY., THURSDAY, DECEMBER 7, 1905.

NO 49.

A Good Old Time Majority.

Kentucky went Democratic over 37,000 at the election on November 7. And this, too, in face of the fact that a few of the would-be-leaders of the party are howling of "disruption," "discord" and "inaction."

Judge John M. Lasslin, Chairman of the State campaign committee, was here Saturday in consultation with Secretary Haly, and they complied the vote in the legislative contests. There are 19 counties still missing, but returns from them will only increase the Democratic majority ascertained made from the vote in them at the last election.

The total vote in the State—exclusive of these 19 counties—was 351,090. The Democratic candidates received 194,064 votes and the Republicans 157,026. The Democratic majority is 37,048. These figures are official.

In the returns above set out the following counties did not report: Bell, Breathitt, Carter, Clay, Clinton, Estill, Gallatin, Jackson, Jessamine, Knott, Leslie, Lyon, Magoffin, Mercer, Morgan, Shelby, Spencer, Tood and Woodford.

In addition to this splendid showing and splendid indorse-

ment of the Democratic State administration, the Democrats will have a greater majority in the Legislature on joint ballot than in many years. The rank and file of the party through the length and breadth of the Commonwealth with one voice has given its indorsement to the work of the Democratic administration, despite the carping of certain malcontents and disappointed office grafters. The splendid majority rolled up for the Democratic nominees shows this.

Nothing more eloquent could be said, nothing more appreciative could be given than the splendid vote of confidence which the Democrats, aye, the people of Kentucky, have given the splendid administration of Governor J. C. W. Beckham and his able corps of assistants.

Chairman Lassing is much pleased with the results of the campaign. He and Secretary Haly worked long and nobly during the campaign, and their labors have received rich harvest. They are indeed wheelhorses of the old party.—Frankfort State Journal.

Born, Sunday, December 3rd, to Mr. and Mrs. J. B. Hall, a son.

Cannot be Opened.

The Court decided last week that the ballot box containing the recent vote in this city for municipal officers could not be opened owing to the irregularities and the absence of the proper certificate and etc. This will require the members of the old council to hold over until another election is held. The present Council has done valiant service for the city and the citizens of the town could not elect a better set of men to these offices, and one thing is sure, every member is Democratic to the core.

Local Option Election Continued.

The local option election case in this county was continued in the Circuit Court until the regular March term. There is the strongest sentiment all over the county to hold another election on the question as soon after the decision of the court is made as is possible. In this way, if it carries again the county need not have saloons more than one year more.

The Rev. Cornelius Moore, of Jackson county, Ky., who had been a Baptist minister over sixteen years, died at the age of ninety-six.

Mr. and Mrs. Matt Conlee and Mr. and Mrs. Hiram Warmouth made flying trip to Lexington Tuesday.

Mr. and Mrs. John Burgher and children and Mrs. Will Wells and children were guests of R. P. Wells and family Sunday.

Miss Pollie Bush spent from Friday until Tuesday with Misses Nettie and Allie Bush also Ambrose and George Barnett and Winford Davis on Sunday.

We received copy for change in Mrs. Williams advertisement, but too late to make the change since the two inside forms had been closed.

You ought to see those pretty Hats at Mrs. J. W. Williams! and at prices to suit every one.

day sermon in Beech Ridge church, in Shelby county.

SPOUT SPRING.

Many porkers have suffered in this community the past week.

Mrs. Drusie Wright has been quite sick the past week, but we are glad to state that she is now improving.

Thanksgiving passed off very quietly in our neighborhood, there were no accidents, and there were many who seemed to enjoy the day finely while out hunting.

Mr. Simon Witt died at his home near this place of complication of diseases aged about sixty years. Burial near his home. Mr. Witt was a good husband and a fine neighbor.

Owing to the heavy downpour of rain on Saturday no services were held at the Baptist church on that day, but on Sunday morning Elder George W. McIntosh preached at the usual hour.

George White, who left this place two years ago and located at Hudson, Illinois, has returned to his old Kentucky home to reside. Mr. White is a model young man, and we are very glad to know that he has decided to remain in this neighborhood.

Mrs. Florinda Spry died at the home of her son-in-law, Levi Curtis, Monday morning, December 4th, of pulmonary trouble, aged sixty-eight years. Burial at the home grave yard on Wednesday. Deceased leaves five daughters, Mesdames Thos. McKinney, Cordi Ballard and Hester Curtis, of this place, and Mesdames James Vaughn and John Burton, of Clark county.

Mrs. Spry was a good Christian woman and her presence will be missed by relatives and friends.

Newspapers are exposing the rottenness in public places. The newspaper got after the trust. The newspapers are making the big and little grafters, boodlers and looters hunt their holes. Their public robbers are not afraid of legislature. They buy legislature like you buy radishes — by the bunch. They are not afraid of the courts, they bulldoze them but they are afraid of the newspaper. They can't buy the newspaper, hurrah and three cheers for the newspaper.—Ex.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Some Correct Ideas.

The present election laws should be amended in such manner as to defeat the purposes of dishonest officials so far as possible. Great frauds in registration are committed in the larger cities. These could be prevented by the right sort of election officers. The evil that demands first consideration, however, is that of poll tax. In a town the size of Cynthiana, for instance, a citizen is required by law to pay \$1.50 poll tax to the county, and \$1.50 to the city. There is no penalty for failure to pay this tax except a publication of the names of delinquents in a newspaper or on a fence post. The consequence is, thousands of dollars are lost to the State annually through the fellows who will not pay, and all taxes are of necessity higher. Mississippi requires that the voter show his tax receipts for two years prior to the election. It is salutary law in two respects. It disfranchises the worthless tax dodgers, and it prevents in a large degree the paying of poll taxes by party managers a few days in advance of the election. Kentucky's treasury can be lined with velvet by the passage of a similar law, and at the same time the character of the State's suffrage will be elevated.—Cynthiana Democrat.

Our state is out of debt; our people are in favor of progress. No one would have Kentucky behind the other states of the union educationally. We are up-to-date in most things, but unfortunately statistics show us somewhat backward in education. Here is the position of Kentucky as given by the U. S. Educational Commissioner in 1903, as compared with the seven bordering states with respect to native white illiterates over 21 years of age, beginning with the least illiterate:

Illinois,	2.8%
Ohio,	3.2%
Indiana,	4.4%
Missouri,	5.4%
W. Virginia,	10.7%
Virginia,	12.2%
Tennessee,	14.1%
Kentucky,	14.8%

The position of Kentucky when compared with the same states with respect to amount appropriated for the professional training of public school teachers is also last, and the others come in exactly the same order as above. What does it all mean? Does the Training of Teachers pay?

The Kentucky Legislature meets in January 1906. If you have any convictions on the subject of State Normal Schools, you should at once notify your Representative and Senator as to

your position in the matter. They represent you and want to do your will.

The Difference.

Ohio has an honest Election Law, and the Bosses can't get hold of the election machinery. Kentucky has a dishonest Election law, and the Bosses and other thieves and thugs are the only ones who are permitted to run the election machine. That accounts for the defeat of the Ring in Cincinnati and for the success of the Mob in Louisville.—Public Ledger.

As unfair as the Republican sheets claim Kentucky's election law to be, every one of them shouldered arms to defeat the amendment to the Constitution so we could return to the old system which we know to be fair, and is was through their efforts that the measure failed. The old system is truly the only fair way to vote it avoids contests, and any candidate can count his vote after the election, and see how each man voted in his race. These papers had a right before the election to support the present system of voting, but when they have been defeated, we can't see any consistency in their now crying out unfair election; when they have gotten the very system they voted for.

It seems to be the policy of many to allow their life insurance to lapse owing to the recent scandalous exposures, while at the same time, these life insurance companies are proven to be wholly solvent, and really now they are in better condition than ever before. Stick to your life policy, it still is a valuable document.

A Family Mixture.

William Holder, of Estill county, whose wife left him some time ago, this week found her at Frankfort, Ind., where she was living with Frank Holder, her husband's son by a former wife. Investigation showed that she was married to Frank Holder in September. A prosecution for bigamy will probably follow.—Winchester Democrat.

Some papers are advocating a law to prohibit the killing of quail for five years. We are against any such law unless it be amended so newspaper men can kill such game any time they have an opportunity. We haven't been hunting for 5 years and from the flood of work before us, we know we can't get off this fall, and now to legislate against us and cut us out for five more years is too bad and we are against any such law.

A Fearful Fate.

It is a fearful fate to have to endure the terrible torture of piles. Also best for cuts, burns and injuries. 25¢ at Swann-Day Lumber Company's store.

A movement has been talked up the past week to have this town placed in a city of sixth class instead of fifth class, the station it now occupies. The chief difference would be if we were in the lower class we could not collect but 50 cents taxes whereas we can now collect 75 cents on the hundred dollars, and we could not raise the saloon license to more than \$500.00 while we can now raise them to \$1,000. The change can only be made by the Legislature.

There is nothing more provoking than an incorrect time piece. If you have a watch or clock of this kind take it to Webb, Clay City's Jeweler and silver smith, and let him fix it. All work guaranteed.

If You ARE A Democrat

Or if You are not You will want to read

Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner on one copy for \$1.10.
